Draft Final Environmental Assessment & Finding of No Significant Impact Wright-Patterson Air Force Base Golf Cart Storage Facility

WRIGHT-PATTERSON AFB, OH – Beginning 12 September 2014 through 19 September 2014, the United States Air Force will accept comments on the Environmental Assessment (EA) to construct a Golf Cart Storage Facility at Wright-Patterson Air Force Base (WPAFB), Ohio. The U.S. Air Force is proposing to issue a Finding of No Significant Impact (FONSI) based on the EA. The analysis considered potential effects of the Proposed Action and the No Action Alternative on eleven resource areas: land use, air quality, noise, geology and soil, water resources, biological resources, cultural resources, hazardous materials/hazardous wastes and environmental restoration sites, health and safety, infrastructure, as well as socioeconomic and environmental justice. The results found in the EA show that a FONSI would be appropriate. An Environmental Impact Statement should not be necessary to implement the Proposed Action.

The public is invited to review the documents at the Greene County Public Library, Fairborn Branch, located at 1 East Main Street, Fairborn, OH 45324-4701, (937) 878-9383.

Written comments and inquiries on the EA and FONSI/FONPA should be directed to:
